Subject: Red Light Camera System (RFP # 2015-105)

Sgt. Campagna,

American Traffic Solutions, Inc. (ATS) reviewed the City of Napa's Request for Proposals #2015-105 for a Red Light Camera System, and has decided not to submit a proposal. However, we would like to remain on the applicable active proposers list.

Please contact Charles Territo, Senior Vice President of Public Affairs, Marketing and Communications, at 480.596.4787 or Charles.Territo@atsol.com if you have any questions. Thank you for the opportunity to participate in this procurement.

Subject: Questions - RFP #2015-105 for Red Light Camera System

Hello Sgt. Campagna,

Upon review of the recent Napa, CA RFP for Red Light Camera System, our team has identified a question we would like to have clarified by the City.

1. On page 20, 2.d. the RFP states "Initial mailing of duly authorized citations to violators for payment, as well as possible electronic filing of notices with the Napa Police Department Records Management System (RMS) and the Napa Superior Courts." We would like some clarification as to whether the City wants a data feed or access to the vendors system for lookups?
2. What is the City required length of retention for both Rejected and Approved incidents?
3. Can we exclude the City's forms and our appendices from the 45 page limit?

Regards,
Ryan

Subject: RE: Questions - RFP #2015-105 for Red Light Camera System

Ryan,

- 1) Our Department currently uses ILEADS (An Intergraph Company) for our RMS system. In the future we would like the capability for citations to be electronically downloaded/ transferred into ILEADS.
- 2) Two Years
- 3) The City's forms can be excluded but appendices will count towards the 45 page limit.
